SUMMARY

As a web developer, I specialize in creating dynamic, user-friendly websites and web applications. With a strong foundation in front-end, I am proficient in HTML, CSS, JavaScript, and various frameworks like React, Angular, and Node.js. I focus on delivering high-quality, responsive, and efficient web solutions, ensuring seamless user experiences across devices and platforms. My passion for coding drives me to continuously learn and stay updated with the latest trends and technologies in the web development industry.
